To Mr. John Tetreault:

The Class of 1986 wants to thank you for being a friend and a teacher. We appreciate the time you have spent with us, the laughs we've had together, and the experiences we have shared. It means a great deal to us to be able to dedicate our yearbook to you. We hope that you will remember us fondly, as we will always treasure our memories of you.

To Sr. Mary Harvey:

The Class of 1986 wants to thank you for being a friend and teacher. We appreciate the time, care, and concern you have given us, not just in English but other subjects as well. We are proud to dedicate our yearbook to someone who has given MSJ so much for so many years.

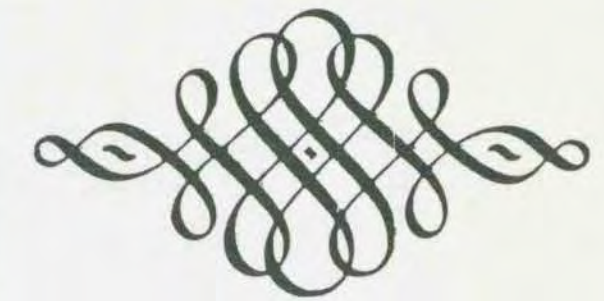

Parents & Friends Club

The MSJ Parents and Friends Club helps the school in a number of ways. Their chief fund-raising activity, Bingo, helps bring in additional money to help with the operating cost of MSJ. Anyone who has been to Bingo realizes the hard work and dedication of these faithful supporters.

A few of the projects made possible by the PFC include repairs to the gym, parking lot, front entrance as well as the purchase of new classroom furniture. Without the help of the PFC, tuition costs would be much higher.

Officers for the 1985-86 school are: President . . . Chris Esposito, Vice-President . . . John Crowley, Secretary . . . Barbara Perkins, Treasurers . . . Dick and Joyce Blongy.

Dear Graduates of 1986:

At last we come to these final moments of our life together at Mt. St. Joseph Academy. There have been so many gifts of living, loving and learning that have filled these years.

Often we have prayed that God would "form in us the likeness of His Son", that He would "send us as gospel witnesses into a world of fragile peace and broken promises", that He would "touch the hearts of all with His love that we in turn might love one another".

You do go forth today as "gospel witnesses". He has touched and continues to touch your heart with His love. You are called to be faithful to all that you are now and to all that you will yet become. This, then, is my prayer for you —

Sincere congratulations to you on this accomplishment of graduation.

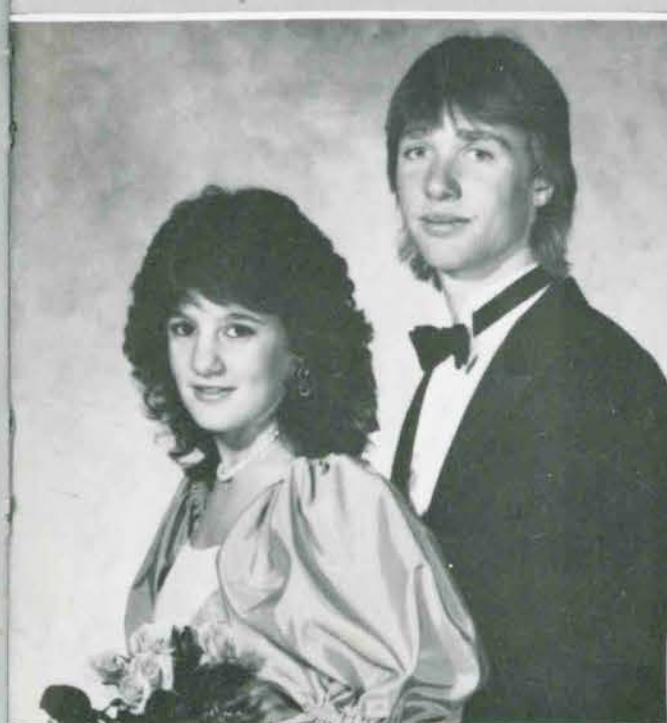

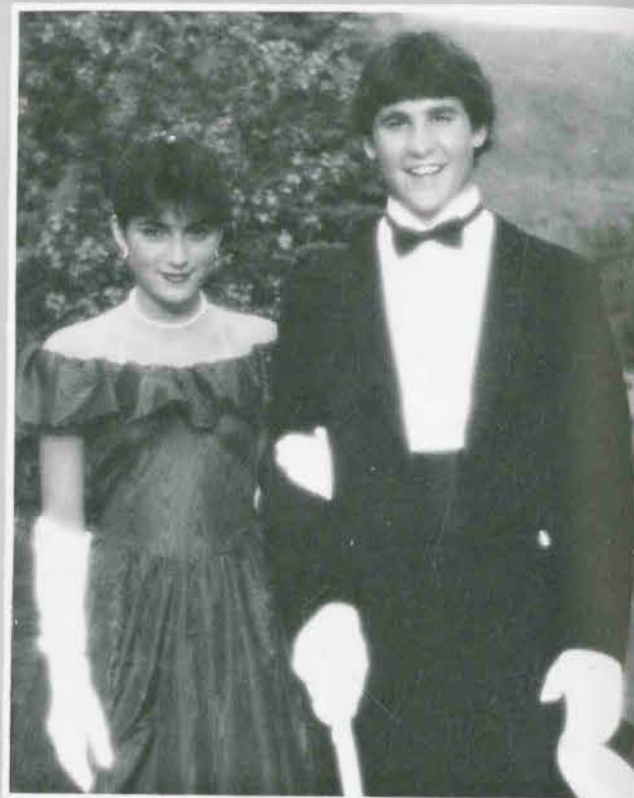

With continued love and prayer,

Sister Shirley Davis

Cross-Country Running

While the football and soccer factions battled over the existence of the latter as a sport here at MSJ, Heffernan's Harriers continued in their accustomed role of obscurity representing MSJ well in MVL competition as well as in the State Meet and several invitationals.

The boy's team came in 2nd in the MVL with a 6-2 record and also finished 2nd in the MVL Championship. The varsity team of Kristian Omland, Greg Rideout, Chris Bianchi, Shawn Casey, and Jason Walther finished 6th in the Southern Vermont Championship and compiled one of its lowest point totals in recent memory in the Division II State Meet to finish 10th among the 15 teams. The girls never fielded a complete team although Lovisa Johnsson and Hannah Vargas competed in invitational and championship races.

Individually speaking, Kristian and Greg led the boy's team throughout the season. They finished 2,3 in the MVL Championship. Kristian became the first MSJ runner to win a major invitational and his 9th place finish in the State Meet tied a MSJ best. Lovisa was unbeaten in MVL competition and her 7th at the State Meet was also a MSJ best. Those three runners went on to compete in the New England qualifier and Kristian and Greg had the unique honor of running in the Kinney Northeast Regional in Van Cortland Park, the Bronx.

There once was a time

the breath on the 4th of July
I remember the sound how
you held our hand

Good luck may the days ahead
bring fulfillment, love, joy, and
the certainty that you'll long
be remembered and appreciated
by those of us who you touched

You are a part of me. I do not know by
what slow chemistry you first became a
vital fiber of my being. Go beyond the
rim of time or space, the same inflec-
tions of your voice will sing their way
into the depths of my mind still. Your
hair will gleam as bright, the artless
play of word and glance, gesture and
the fair young fingers waving, have too
deeply etched the pattern of your soul
on mine. Forget me quickly as a laugh-
ing picture sketched on water, I shall
never know regret knowing no magic ever
can set free that part of you that is
part of me.

If I leave here tomorrow, would you still remember me?
For I must be traveling on now, cause there's too many
places I've got to see
And if I stay here with you now, well things just
couldn't be the same
Cause I'm as free as a bird now and this bird you'll
never change no and this bird you cannot change.
Bye bye babe it's been a sweet love and though this
feeling I can't change
Well please don't take it so badly cause the lord knows
I'm to blame
And if I stay here with you now well things just couldn't
be the same
Cause I'm as free as a bird now and this bird you'll
never change!

IN DEFENSE OF MY GENERATION

We are young. There are many things we do not know, but we are learning. Sometimes, because we are learning, we make mistakes, we seem irresponsible and unable to cope with problems, but this is only because we are steadily struggling to gain new experiences and learn new things. The people of today, the present generation, must have faith in us, the future generation, if we are to succeed. They must believe that we are capable, that we do care about our world and our future life.

We are prepared for the world. For years we have been learning as much as we could learn so that we might succeed. We realize what is expected of us, and we are not afraid to face our responsibilities. We have met people; we know how to live with people. We are absorbing what the world around us has to teach. We know something of politics and of science. We are anxious to vote wisely; we have learned about jet planes and atomic energy. We are eager to learn how to control the weapons of war and the weapons of peace. We want to go to college and learn more so that we may contribute more to our world and yours.

Many think that we shall never succeed, but we will. We like fun, yes, but we can be sober. When our brothers, our friends, were killed in the war, we were silent; we resolved then that our children should not have to face war.

We want peace; we want a better world. Perhaps some of the adults of today who once made these resolves, too, laugh and think we are foolish and do not mean what we say, but we do. In our hearts we firmly hope for a better world. We believe in ourselves.

Perhaps if the adults of today had more faith and hope in the world, the world would be a more secure place. We believe in the world; we believe in ourselves. All we ask is that you believe in the world and in us, too.

June Johanson

JANUARY 1949

In 1949, June Johanson, a high school senior and literary editor of her yearbook, wrote an essay defending her generation. Little did she know that 37 years later, that essay would still apply. The ideas of atomic bombs and jet planes have changed and have been replaced with nuclear energy and space shuttles. Our friends and brothers may not have been killed in war, but someday we, as well as our children, may have to face that.

What is the same, however, is the fact that we are the future generation, and we have the power to shape the future into a world of peace if given the chance.

Thirty-seven years from now, in the year 2023, who knows if the threat of nuclear war and the exploration of space will still exist? Perhaps the threat of war will be present, or maybe there will be a world of peace and space exploration will have advanced to space colonization. But one thing will still hold true: we are the future generation who will form our world and our children, another generation, will form theirs. Whatever the generation, the shape of the future will be in the hands of those who hold it and have the power to do with it what they will. They will be able to make it a world of hatred or a world of peace. Just as the class of 1949 had the ability to act, so do we and so will our children.

Hopefully we have learned from the past. Since 1949 we have witnessed the Korean War, Vietnam, Watergate, the Kennedy assassinations and the slaying of Martin Luther King Jr., but we have also advanced in medical research, computer technology, and space exploration. The class of 1949 shaped their future and our past. Now it is up to us to do the same. All we ask is that you, the present generation, believe in us who hold the future.

It's Been Great Fun
Having The Ski Team
Train With Us This Year!

THE ROAD NOT TAKEN

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that, the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

- Robert Frost

Compliments Of A FRIEND

By the time *The Mount '86* arrives in June, memories of deadlines barely met, rolls of pictures over and underexposed, and long hours after school have begun to fade . . . We hope we leave you with a book that will help you remember all M.S.J. is and was to you.

The Editors wish to extend thanks to their advisors, Mr. Dwyer and Mrs. McGinnis, as well to Mr. Gary Bouchard, Mr. Donald Loseby, Mr. Marty McClellan, and Mr. Mike O'Leary for their assistance with photography.
